ABOUT ME

I am a Web Developer skilled in HTML, CSS, Bootstrap, JavaScript, jQuery, Tailwind CSS, PHP, and MySQL. I create responsive and user-friendly websites and web applications, working on both front-end and back-end development. I focus on building efficient, maintainable, and functional solutions that meet project requirements. I enjoy learning new technologies and applying them to improve web development projects.

WORK EXPERIENCE

MOJUMDER IT & COMPUTER TRAINING CENTER

Web Developer ————— 2020–Now

- Developed an Student Management System to manage student information, attendance, and more for Mojumder IT students.
- Built responsive and user-friendly websites and web applications using HTML, CSS, Bootstrap, JavaScript, jQuery, PHP, and MySQL.
- Worked on both front-end and back-end development to ensure seamless functionality and performance.

BONDHON SONCHOY PROKOLPO

Web Developer ————— Project

- Developed the Bondhon App, a system designed to manage all operations and data efficiently for Bondhon Sonchoy Prokolpo.
- Created responsive and interactive web interfaces using HTML, CSS, Bootstrap, JavaScript, jQuery, PHP, and MySQL.
- Implemented back-end functionality to handle data management, reporting, and user interactions.
- Worked collaboratively to ensure the app met all project requirements and improved workflow efficiency.

DENT CARE APPLICATION

Web Developer ————— Project

- Built a web-based application to manage patient records, appointments, and dental treatment history.
- Developed responsive web interfaces and implemented database management using PHP and MySQL.
- Focused on usability, performance, and secure handling of patient data.
